INTERESTS

Web Application,

React.js, IT, SQA

EXPERIENCE

Fresh Graduate

ACCOMPLISHMENTS

Breeze Buy | e-commerce

- **Responsive Design:** Developed a mobile-friendly layout using HTML, CSS, and React.js to ensure seamless compatibility across different devices.
- **Interactive UI:** Leveraged React.js and JavaScript to implement dynamic features such as image sliders and dropdown menus, enhancing user engagement.
- **Cart Functionality:** Built a React.js-based cart system for adding, removing, and updating items with real-time price updates and efficient state management.
- **Navigation and Search**: Implemented smooth navigation and a React.js-powered search feature for quick and intuitive product discovery

School management system

- Designed and implemented responsive, user-friendly interfaces using HTML, CSS, JavaScript, and React.js.
- Ensured seamless integration with backend systems, utilizing React.js for efficient state management and smooth data flow.
- Optimized the user experience for diverse roles, including administrators, teachers, students, and parents, by leveraging React.js to create dynamic and responsive components.
- Focused on creating efficient, intuitive, and scalable solutions using React.js to meet the evolving needs of the school management system

.Buzz Loop |social media

- Responsive Design: Developed a mobile-friendly layout using HTML, CSS, and React.js for a smooth user experience across all devices.
- User Posts and Feeds: Built dynamic feeds and post-sharing functionality using React.js and JavaScript to enable real-time updates
- Interactive Likes and Comments: Implemented React.js-based like and comment features for enhanced user interaction on posts.

Portfolio Layout Clone

- Replicated a sleek, responsive portfolio layout with pixel-perfect accuracy using HTML, CSS, and React.js, ensuring smooth navigation and seamless performance across all devices.

SKILLS

TECHICAL
